INTERNET SAFETY MONTH

JUNE ACTION KIT

STUDENT COUNCIL
AN INITIATIVE OF THE ALLIANCE FOR FREEDOM, RESTORATION, AND JUSTICE

June is Internet Safety Month. We all use the internet in many great ways, but there are also many dangers you need to be aware of when browsing, on social media, and gaming. Find out how you and your friends can stay safe when online, learn the tactics traffickers and perpetrators use to reach and exploit youth online, and discover the security settings you may not be aware of yet that you need to know.

This month, explore the ways that you can help bring awareness to your school, peers, and community. Choose at least one (or more!) task from each section. Let's learn, take action, and mobilize others this month - together!
